PROFESSIONAL PROFILE

Full Stack Developer with hands-on experience building desktop, web, and mobile applications for financial, administrative, and institutional environments. At Cooperativa de Ahorro y Crédito Andina Ltda. (Latacunga head office), develops credit bureau workflows, accounting processes, and member document management. Experienced with PHP, HTML, CSS, JavaScript, Flutter, Java (Spring Boot), C# .NET 8, WPF, EF Core, PostgreSQL, Python (Django, FastAPI), Docker, Git, CI/CD, and cloud deployments. Strong foundation in requirements analysis, frontend and backend implementation, deployment support, and operation of projects published on internal IP-based infrastructure.

PROFESSIONAL EXPERIENCE

Full Stack Developer | Cooperativa de Ahorro y Crédito Andina Ltda. **Sept 2025 - Aug 2026**

Head Office | *Latacunga, Ecuador*

- Built a member file management system covering credit and investment folders, with an embedded PDF editor that inserts, deletes, and reorders pages inside the application using PHP libraries.
- Implemented frontend and backend features with PHP, HTML, CSS, JavaScript, Flutter, and Java/Spring Boot, aligning interfaces with the business's operational rules.
- Took part in requirements analysis, incident resolution, and continuous improvement of the production modules used by the head office.

EDUCATION

Software Engineering, Universidad de las Fuerzas Armadas ESPE

SELECTED PROJECTS

Digital File and Records Management - Member documentation platform

- Centralizes member documentation, credit folders, and investments, eliminating physical file handling.
- Includes a custom PDF editing module to add or remove pages directly from the browser.

Stack: PHP, JavaScript, PDF libraries (FPDI/TCPDF), MySQL

Interbank Transfer APIs - Financial services

- Services that orchestrate the full lifecycle of a transfer between financial institutions: destination account validation, payment message construction, accounting entry, and handling of responses and reversals.

Institutional Website - Cooperativa de Ahorro y Crédito Andina Ltda.

- Public portal presenting the savings, credit, and investment product catalog, institutional information, simulators, and member contact channels, with content managed by internal staff.

Urbano Sport Center - Sports complex operations platform

- Web platform covering tournament scheduling, court bookings, online payments, academy and course enrollment, and live match streaming.

TECHNICAL SKILLS

Backend	NestJS, Node.js, Laravel, Django, FastAPI, Spring Boot, PHP 8, C# .NET 8, EF Core, Alembic, REST, GraphQL, Microservices, AWS Lambda
Frontend / Web	React, Next.js, HTML, CSS, Tailwind CSS, PWA, Flutter, GraphQL Client
Desktop	WPF, MVVM, MSIX
Languages	TypeScript, JavaScript, Python, Java, PHP, C#, Dart, SQL
Databases	PostgreSQL, MySQL, SQL Server, MongoDB, Informix, SQLite
AI & Automation	Generative AI, LLM Integration, Computer Vision, Machine Learning, Model Training, n8n, Face-API.js, Prompt Engineering
DevOps & Quality	Docker, CI/CD, Git, GitHub Actions, VPS, Render, Linux Server Administration, Internal IP-Based Deployments, Scrum, Cybersecurity Fundamentals
Professional	Requirements Analysis, Problem Solving, Teamwork, Fast Learning

CERTIFICATIONS & PROFESSIONAL TRAINING

- Fundamentals of Cybersecurity, Data Science and Machine Learning Applied to Cybersecurity - Universidad de las Fuerzas Armadas ESPE.
- Introduction to Convolutional Neural Networks.
- Feria Investiga, Lidera e Impacta - Speaker / Presenter.
- Training areas: Full-stack development, Clean Architecture, Generative AI, AI training, Machine Learning, Computer Vision, n8n automation, CI/CD, Scrum, and secure coding.
